## GAIN THE MICROSOFT ACCESS 2019/365 EXPERT QUALIFICATION

The **MOS Access 2019 & 365 Expert Online Course** is designed for both students who are interested in gaining a wider knowledge of the Microsoft Access application and for experienced Microsoft Access users who wish to undertake a refresher course. The course follows the Microsoft Office Specialist (MOS) Expert syllabus, and more, and is the ideal study guide for those wishing to gain the industry-recognised MOS certification.

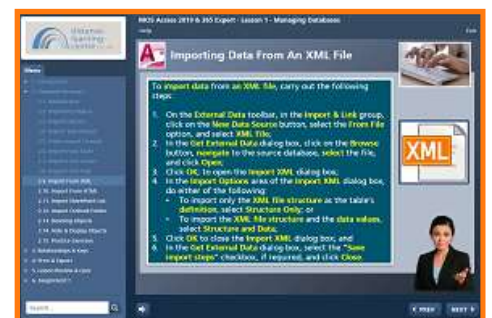

Proficiency in Microsoft Office products is increasingly important in today's competitive business environment and, whether you are currently employed or a job seeker, Microsoft Office Specialist certification proves to employers and prospective employers that you have the necessary skills to become an important member of their team.

The Access 2019 & 365 Expert course teaches all you need to know about the more advanced components of the Access application and is presented in a modern, multimedia, online format, with the constant support and guidance of your designated course tutor, who is there for you every step of the way.

The course contains valuable tips on preparing for the MOS examination and includes free access to the GMetrix range of MOS exam practice questions, which have the same format as the MOS exam itself.

Based on the proven "learn-by-example" principle which, as the name implies, provides real-world examples to illustrate a particular topic or technique, the courses are delivered through the Distance Learning Centre's highly-acclaimed on-line training portal via a standard web browser, such as Internet Explorer, Firefox, Chrome, Opera, or Safari.

You will also be supported by a personal tutor who is available to provide feedback on your work at any time throughout the period of study.

### Overview of Test features:

- Practice tests map to the Microsoft Office Specialist (MOS) exam objectives.
- All tests are in-application or performance-based simulations to provide the best assessment of real-world experience.
- All tests have both a testing and a training mode providing step-by-step help on each question.
- Progress at own pace, save test to resume later, return to skipped questions.
- Detailed, printable score report highlighting areas requiring further review.

**Please Note:** You will need a version of Microsoft Access 2019 or Microsoft Access 365 to be able to use the GMetrix software package.

### COURSE PREREQUISITES:

There are no particular entry requirements as the course is set out for beginners although students will require their own version of Microsoft Access 2019 or Microsoft Access 365 to complete the course.

**Please Note:** This course covers the PC versions of Microsoft Access 2019 and Microsoft Access 365. It will be possible to view the course materials using an Apple Mac although the information within the course will be specific to the PC version of Microsoft Office and will differ slightly from the Mac versions.

### COURSE DURATION & SUPPORT:

Students may register at any time and have a full year to complete their studies. You also have access to a personal tutor by mail or email for a 12 month period.

Course extensions can be purchased if you do not complete this course within the 12 month period. As the course is self-study you can complete in as little or as long a time as you prefer.

### ASSESSMENT:

You will be assessed on assignments which are detailed in the course materials. These assignments will require you to create work on, and create and edit Database files. Your work can be sent back to your course tutor by email.
