£145.00

Approximate Delivery Time:
1-2 Working Days (Email)

Followed by 3 payments of:
£60.00

Responsive Web Design (RWD), which supports the development of websites that can be consistently viewed on a variety of devices from PCs to smartphones, is the modern standard for experienced web designers, and our **Webmaster - Responsive Web Design & JavaScript Bundle** of courses will teach you how to design and build fully-responsive, visually-stunning web pages.

This bundle is part of our best-selling Webmaster trilogy of website design courses and consists of the Responsive Web Design course, featuring the latest HTML5 and CSS3 technology, and the JavaScript Programming course, and is available at the discounted price of £325.00 – a saving of £65.00 over purchasing the courses separately.

This course bundle is aimed at students who have a pre-existing knowledge of HTML & CSS and want to improve their skills to the point where they are capable of developing professional-standard, responsive websites and want to become proficient in the JavaScript programming language, which supports the creation of dynamic, interactive games and other sophisticated web applications.

To allow for the additional required study time students will be registered for support and on these courses for a 18 month period.

The courses are easily accessed via a standard web browser through the Distance Learning Centre's acclaimed on-line training portal and, throughout your training, you will be supported by a personal tutor who is available to provide support and feedback on your work at any time. Based on the "learn-by-example" principle, these courses are tried and tested by a multitude of former students from all over the world.

The Webmaster - Responsive Web Design & JavaScript Bundle consists of:

- **The Webmaster - Responsive Web Design Course**

The **Webmaster - Responsive Web Design Course** is designed for students with a prior knowledge of HTML and CSS and demonstrates how responsive web design techniques can be utilised to build professional-quality websites which will automatically adjust to the size of the viewing device to provide a consistent viewing experience.

When you have successfully completed this course, you will receive the Webmaster Responsive Web Design Diploma, along with a comprehensive analysis of your course assignments, as well as the nationally-recognised Open Awards Level 4 Certificate.

Webmaster - Responsive Web Design & Javascript Bundle

• **Webmaster - JavaScript Programming Course**

The **Webmaster - JavaScript Programming Course** takes you step-by-step through the JavaScript language, including working with arrays and loops and JavaScript's powerful built-in objects, such as the math, string, and date objects. Your expertise is honed via a set of interesting exercises, assignments, and projects which include the development of a number of interesting games, such as Matching Pairs, Connect Four, and Minefield, a challenging "find the mines" game, where your new-found skills are utilised to create a dynamic, interactive gaming experience of the highest quality.

On successful completion of this course, you will receive the Webmaster JavaScript Diploma, along with a detailed analysis of your course exercises and assignments, as well as the illustrious, nationally-recognised Open Awards Level 4 Certificate.

Prerequisites:

To complete this bundle of courses, you should have a pre-existing working knowledge of HTML and CSS, you should be reasonably computer literate, and have text editing or word processing skills. The online courses are simply accessed via any web browser, and we highly-recommend that the courses are completed on a standard PC with the Windows Operating System or on an Apple Mac with the OS X operating system.

Course Duration & Support:

Students may register at any time and have a period of 18 months to complete their course of studies, although extension periods can be purchased if the courses are not completed within the designated period. As each course is self-paced, you can complete them in your own time, and a personal tutor will be allocated to each student for email support throughout the period of study.

Assessment:

You will be assessed on completion of your coursework, which includes the creation of web pages and other exercises, assignments, and projects, and your work can be sent to your personal tutor by email (preferred) or by post.

Certification:

On successful completion of the courses, students will receive Webmaster Diplomas with comprehensive feedback and, providing the assignments have been completed to the required standards, students will also receive the following Open Awards Quality Endorsed Unit Course Certificate:

• Webmaster - JavaScript Level 4 (9 Open Awards Credits).
• Webmaster - Responsive Web Design Level 4 (9 Open Awards Credits).

The course measurable learning outcomes have been set at Level 4 (using Ofqual's Qualification and Credit Framework (QCF) level descriptors) to allow you to consider the depth of study, difficulty, and level of achievement involved. You can find further information on qualifications/certificates and their levels on the Ofqual Qualification & Credit Framework level descriptors page.

The certification is issued through Open Awards. Open Awards are an Awarding Body Organisation approved by Ofqual. Set up in 1981, Open Awards (Previously the North West Region of the National Open College Network - OCNNW) have been in business for over 30 years and are a not for profit organisation and a registered charity.
